

OCL- Week 3 Update

From The Head of Development & Operations - Mrs Michelle McDonnell

OCL - Week 3 Update

Dear Parents and Carers

I would like to thank our school community for the way you have worked with the staff of St Peter's over the past two weeks as we have once again moved education to Off Campus Learning. It has been fabulous to see the work that is being completed at home and uploaded either to Seesaw or Google classroom and I am sure for many, the highlight of the day is the Zoom check-in with classroom teachers.

Our teachers have been busy planning for next week and as such OCL Learning Packs have been created and distributed to many families. If you are still to collect a pack for your child / children, these are available from our school office from 8.30am-3.30pm each school day. Please be aware that masks must be worn at all times when on our school premises, including when collecting these packs.

With the expectation that staff work from home where possible, supervision of students undertaking Off Campus Learning at school is limited and we thank you for adhering to the direction given that ***"Parents must keep children at home if they can, any age and in primary, secondary and early childhood and care services"***.

To assist with our planning for Term 3, Week 3, if you require supervision of your child onsite due to all parents / carers being required to attend work and unable to work from home, please complete the following form by Friday, 30 July 2021 at 5.00pm.

STUDENT REGISTRATION FORM

Please ensure that if your child is attending school on any given day, they bring their charged device (Years 2-6), headphones and items from their OCL Learning Packs as these will be required to complete Off Campus Learning while at school.

Kind regards

Mrs Michelle McDonnell
